Monday, February 19, 2018

Prof. Mikhail Belkin of Texas ECE has been promoted to Fellow of SPIE, the international society for optics and photonics. Fellows are Members of distinction who have made significant scientific and technical contributions in the multidisciplinary fields of optics, photonics, and imaging. They are honored for their technical achievement, for their service to the general optics community, and to SPIE in particular. More than 1,300 SPIE members have become Fellows since the Society's inception in 1955.

Serving more than 264,000 constituents from approximately 166 countries, the not-for-profit society advances emerging technologies through interdisciplinary information exchange, continuing education, publications, patent precedent, and career and professional growth.

SPIE annually organizes and sponsors approximately 25 major technical forums, exhibitions, and education programs in North America, Europe, Asia, and the South Pacific.

Prof. Belkin will be recognized an upcoming 2018 SPIE conference of his choice.
